Language Guidelines

Glowell's voice is **casual, friendly, and familiar**. It is a **semi-formal tone of voice** that seeks direct and simple messages to help people achieve their health goals. It is a **gentle and understanding voice** that, despite talking about health issues, does it in a personal way projecting confidence and security.

Empower your health journey, one step at a time. Stay healthy, stay vibrant!

We help you to administrate your medical record, and appointments and guide you with cool content into a healthier Lifestyle!

»
General Don'ts

.

- Do not use dark or black backgrounds on any screen of the application.

- Do not combine bright colors applied to different elements within a wireframe.

- Do not use bright or very saturated backgrounds, opt for light backgrounds and for the colors recommended in the color palette section.

»
